

Regenerated catalytic converter Opel Mokka A 1.4 2012-2014 EURO 5

Product codes:

Reference: REG-OPEL002

EAN13: -

Product features:

Cartridge material: Metal - type S
Producer: OE
Engine capacity: 1.4 Turbo 16V
Year of production: 2012-2014
Horsepower: 140 HP
OE number: 25195102, 25195100, 55569312,
55579264, 55579746, 55596551, 855446, 855448,
855558, 860153
Product type: Regenerated
Engine code: A14NET, B14NET, D14NET
Warranty: 12 months

Product attributes:**Product description:****NO DEPOSIT**

Purchase when handing over the old part - we ship the goods after delivering the old catalytic converter. The part must be complete, original, marked with the OE number and have no mechanical damage or signs of tampering. We do not accept cash on delivery.

Regeneration of the catalytic converter consists in replacing the worn-out cartridge with a new, metal one, restoring full efficiency of the system and meeting EURO 5 emission standards. In the regeneration process, high-quality metal cartridges with a capacity of 400 cpsi are used, corresponding to the parameters of the original. Thanks to the cartridges used, no errors appear in the engine controller. In rare cases, however, it may be necessary to manually clear the error using computer diagnostics, which is normal procedure after replacing exhaust system components.
