

Universal metal catalytic converter 1.5-3.0 gasoline

Product codes:

Reference: MO30

EAN13: -

Product features:

Catalyst application: Gasoline
Cartridge type: Standard
Cartridge material: Metal
Producer: AWG Polonez
Total length: 430 mm
Catalyst diameter: 135 mm
Engine capacity: 1.5-3.0L
Shape of the catalyst: round

Product attributes:

euro standard: Euro 2, Euro 3
Inlet pipe diameter: 50 mm, 55 mm
Capacity (cpsi): 400

Product description:

Universal AWG Polonez catalytic converter designed for capacities from 1.5 to 3.0 liters. The catalytic converter is designed for installation in cars with gasoline engines and also in cars equipped with LPG installation. The design of the catalytic converter based on a durable metal insert is resistant to the higher combustion temperatures generated by the combustion of gas.

The product is certified as follows:

- certified ISO 9001 Quality Management System for the design of production and sales of automotive catalytic converters issued by TUV SUD in Munich.

The catalytic converter depending on the selected emission standard meets the requirements of the European Directive:

- EURO 2 Directive 94/12/EC, 96/69/EC for passenger cars, in force since 1996
- EURO 3 Directive 98/69/EC [12] for all vehicles, in force since 2000

Manufacturer's warranty: 12 months or 50,000 km.
