

Universal metal catalytic converter 1.5-2.5 gasoline

Product codes:

Reference: MP25

EAN13: -

Product features:

Catalyst application: Gasoline
Cartridge type: Standard
Cartridge material: Metal
Producer: AWG Polonez
Total length: 385 mm
Engine capacity: 1.5-2.5L
Can dimensions: 80/175 mm
Shape of the catalyst: flat

Product attributes:

euro standard: Euro 2
Inlet pipe diameter: 50 mm, 45 mm
Capacity (cpsi): 400

Product description:

Universal AWG Polonez catalytic converter designed for capacities from 1.5 to 2.5 liters. The catalytic converter is designed for installation in cars with gasoline engines and also in cars equipped with LPG installation. The design of the catalytic converter based on a durable metal insert is resistant to the higher combustion temperatures generated by the combustion of gas.

Product is certified as follows:

- ISO 9001 Quality Management System certificate for the design of production and sales of automotive catalytic converters issued by TUV SUD in Munich.

The catalytic converter depending on the selected emission standard meets the requirements of the European Directive:

- EURO 2 Directive 94/12/EC, 96/69/EC for passenger cars, in force since 1996

Manufacturer's warranty: 12 months or 50,000 km.
