

Universal metal catalytic converter 2.0-5.0 gasoline

Product price:

650.41 zł

Product codes:

Reference: MP501

Product features:

Inlet pipe diameter: 55 mm
Catalyst application: Gasoline
Cartridge type: Standard
Cartridge material: Metal
Producer: AWG Polonez
Total length: 420 mm
Engine capacity: 2.0-5.0L
Can dimensions: 95/180 mm
Shape of the catalyst: flat

Product attributes:

euro standard: Euro 2
Capacity (cpsi): 400

Product description:

Universal AWG Polonez catalytic converter designed for capacity from 2.0 to 5.0 liters. The catalytic converter is designed for installation in cars with gasoline engines, as well as in cars equipped with LPG installation. The design of the catalytic converter based on a durable metal cartridge is resistant to the higher combustion temperatures generated by the combustion of gas.

The product has the following certificates and approvals:

- European approval (E24, E9, E3)
- ISO 9001 Quality Management System certificate for the design of production and sale of automotive catalytic converters issued by TUV SUD in Munich.

The catalytic converter depending on the chosen emission standard meets the requirements of the European directive:

- EURO 2 Directive 94/12/EC, 96/69/EC for passenger cars, effective since 1996
- EURO 3 Directive 98/69/EC [12] for all vehicles, effective since 2000
- EURO 4 Directive 98/69/EC, 2002/80/EC for all vehicles, effective from 2005.
- EURO 5 Directive 2007/715/EC[13] for light passenger and company cars. In force since 2009.
- EURO 6 Commission Regulation (EU) No. 459/2012. in effect since 2014.

Manufacturer's warranty: 12 months or 50,000 km.
