

RFC tailpipe reduction cone

Product codes:

Reference: KSC100

EAN13: -

Product features:

Producer: RFC
Wall thickness: 1,5 mm
Material: Stainless steel S409
Application: Universal
Cone length: 100 mm

Product attributes:

Cone diameter: 63,5 / 100 mm, 63,5 / 110 mm, 63,5 / 120 mm

Product description:

Universal s409 stainless steel RFC cone. Perfect for building custom exhaust systems, especially recommended for welding sports catalytic converter inserts.

Available in three sizes:

- 63.5 mm -> 100 mm
- 63.5 mm -> 110 mm
- 63.5 mm -> 120 mm

The cones can be trimmed at will, thus increasing or decreasing their diameter.
