

Universal metal catalytic converter 2.0-5.0 diesel

Product codes:

Reference: DP50

EAN13: -

Product features:

Catalyst application: Diesel
Cartridge type: Standard
Cartridge material: Metal
Producer: AWG Polonez
Total length: 405 mm
Engine capacity: 2.0-5.0L
Can dimensions: 95/180 mm
Shape of the catalyst: flat

Product attributes:

euro standard: Euro 2, Euro 3
Inlet pipe diameter: 60 mm, 55 mm
Capacity (cpsi): 200

Product description:

Universal AWG Polonez catalytic converter designed for 2.0 to 5.0 liter capacity. The catalytic converter is designed for installation in cars with diesel engines. The design of the catalytic converter based on a durable metal insert is resistant to the higher combustion temperatures that gas combustion generates.

Product has the following certifications and approvals:

- European homologation (E24, E9, E3)
- Certification of ISO 9001 Quality Management System for the design of production and sales of automotive catalytic converters issued by TUV SUD in Munich.

Catalytic converter depending on the selected emission standard meets the requirements of the European Directive:

- EURO 2 Directive 94/12/EC, 96/69/EC for passenger cars, in force since 1996
- EURO 3 Directive 98/69/EC [12] for all vehicles, in force since 2000

Manufacturer's warranty: 12 months or 50,000 km.
