

Regenerated catalytic converter Opel Insignia II B 260 2.0 2019

Product codes:

Reference: REG-INSIGNIA-2.0

EAN13: -

Product features:

Product attributes:

Product description:

Regenerated Opel Insignia II B 260 2.0 2019 - EURO 6 600 cpsi catalytic converter.

List of models:

- Opel Insignia II B 2.0T 2017+

The subject of the offer is catalytic converter regeneration consisting of welding new metal inserts into the original housing.

The dimensions of the inserts (125/100 and 125/100 mm) have been optimally adapted to the Opel Insignia in terms of diameter and length. It meets EURO 6 and EURO 4 emission standards. The universal catalytic converter cartridges used have a capacity of 600 and 400 cpsi. The universal catalytic converter cartridge is an ideal solution for customers looking for a balance between performance and compliance with emission standards.

The cartridges were manufactured by the renowned AWG Polonez company and have all the necessary approvals. In addition, we offer a warranty for a period of 12 months or 50,000 km of mileage.

We do the regeneration in one day and send you back the catalytic converter ready for installation. Sending the catalytic converter to us, fill out the form:

Also, don't forget to fix the cause of faster cartridge wear, if it has worn out faster than standard the cause may be oil or fuel entering the exhaust system. If you have a gas system installed and in addition it is not too well regulated it also contributes to faster wear of the original ceramic cartridges, which are not resistant to the higher temperature of gas combustion.

If you feel up to it, you can also replace the cartridge yourself, which you can buy at the link below:
