

RFC catalytic converter cartridge housing

Product codes:

Reference: OSC110

EAN13: -

Product features:

Producer: RFC
Wall thickness: 1,25 mm
Material: Stainless steel S304
Application: Universal
Housing height: 110 mm
Housing height: 130 mm

Product attributes:

Internal housing diameter: 110,5 mm, 120,5 mm,
130,5 mm, 140,5 mm, 150,5 mm
Housing height: 110 mm, 130 mm

Product description:

The RFC catalytic converter insert housing in S304 stainless steel is suitable for the construction of custom exhaust systems. It will also work well for welding sports catalytic converters, ensuring durability and high quality.

It is available in two lengths:

- 110.5 mm -> length 110 mm
- 120.5 mm -> length 130 mm
- 130.5 mm -> length 110 mm
- 140,5 mm -> length 110 mm
- 150,5 mm -> length 110 mm

The casing can be cut to any desired length.
