

Regenerated catalytic converter Porsche Panamera 4.8 GTS 430HP 2009

Product codes:

Reference: REG-PANAMERA-GTS

EAN13: -

Product features:**Product attributes:****Product description:****Regenerated catalytic converter Porsche Panamera 4.8 GTS 430HP 2009 EURO 6**

The subject of the offer is catalytic converter regeneration consisting in welding new metal inserts into the original housing.

The dimensions of the inserts (110/100 mm) have been optimally matched to the Porsche Panamera in terms of diameter and length. They meet EURO 6 emission standards. The universal catalytic converter cartridges used have a capacity of 400 cpsi. Universal catalytic converter cartridges are the ideal solution for customers looking for a balance between performance and compliance with emission standards.

The cartridges were manufactured by the renowned RFC company. In addition, we offer a warranty for a period of 12 months or 50,000 km mileage.

We do the regeneration in one day and send you back the catalytic converter ready for installation. When sending the catalytic converter to us, fill out the form:

Don't forget to also fix the cause of faster cartridge wear, if it has worn out faster than standard the cause may be oil or fuel entering the exhaust system. If you have a gas system installed and in addition it is not too well adjusted it also contributes to faster wear of the original ceramic cartridges, which are not resistant to the higher temperature of gas combustion.

If you feel up to it, you can also replace the cartridges yourself, which you can buy at the link below:

2x
