

Regenerated catalytic converter Jeep Wrangler 3.6 2014 EURO 6

Product codes:

Reference: REG-JEEP-WRANGLER-3.6

EAN13: -

Product features:**Product attributes:****Product description:**

The subject of the offer is catalytic converter regeneration consisting of welding new metal AWG EURO 6 inserts into the original catalytic converter housing.

Catalytic converter inserts are an ideal solution for customers looking for a balance between performance and compliance with emission standards. The cartridges are manufactured by the renowned AWG company. In addition, we offer a warranty for a period of 12 months or 50,000 km of mileage.

We do the regeneration in one day and send you back the catalytic converter ready for installation. Sending the catalytic converter to us, fill out the form:

Also don't forget to fix the cause of faster cartridge wear, if it has worn out faster than standard the cause may be oil or fuel entering the exhaust system. If you have a gas system installed and in addition, it is not adjusted too well, it also contributes to faster wear of the original ceramic cartridges, which are not resistant to the higher temperature of gas combustion.
