**Product description:****WITH TRADE-IN OF OLD PART**

Purchase with trade-in of old part – we ship the product after receiving the old catalytic converter. The part must be complete, original, marked with an OE number, and free of mechanical damage or signs of tampering.

**If you're not sure whether the catalytic converter fits your car, contact us via [contact form](#) and provide your VIN number, which will speed up the verification process.**

**Catalytic converter regeneration involves replacing worn-out inserts with new metal ones, restoring the system to full efficiency and meeting EURO 6 emissions standards. The regeneration process uses high-quality metal inserts that match the original specifications. Thanks to these inserts, no errors appear in the engine control unit. In rare cases, however, it may be necessary to manually clear the error using computer diagnostics, which is a standard procedure after replacing exhaust system components.**
