

Regenerated catalytic converter LEXUS IS II ceramic coating

Product codes:

Reference: REG-LEXUS002

EAN13: -

Product features:

Cartridge material: Metal - type S
Producer: OE
Engine capacity: 2.5, 3.0
Year of production: 2005-2013
Horsepower: 208, 231, 249, 310, 345 HP
OE number: 1714031030, 1714031120, 1714031140,
1714031141, 1714031280, 1715031030,
1715031120, 1715031140, 1715031141,
1715031280
Product type: Regenerated
Engine code: 3GR-FSE, 4GR-FSE
Warranty: 12 months

Product attributes:**Product description:****WITH DEPOSIT**

Purchase without returning the old part – the item is shipped immediately. You can return your old catalytic converter within 30 days from the date of purchase and receive a deposit refund. The returned unit must be complete, original, marked with the OE number, and free from mechanical damage or signs of tampering. We do not accept cash-on-delivery (COD) shipments when returning the old catalytic converter.

WITHOUT DEPOSIT

Purchase with return of the old part – the item is shipped after we receive the old catalytic converter. The unit must be complete, original, marked with the OE number, and free from mechanical damage or signs of tampering. We do not accept cash-on-delivery (COD) shipments.

Catalytic converter regeneration involves replacing the used core with a new metallic one, restoring full functionality of the system and meeting emission standards. The ceramic coating in the original remanufactured catalytic converter provides high temperature resistance and optimal conditions for catalytic processes. Thanks to the capacity of the RFC cartridges and the use of S-type cartridges with three cores, the catalytic converter features enhanced performance and durability. In addition, the ceramic structure improves exhaust gas flow, which promotes more effective emissions cleaning and increases the overall efficiency of the exhaust system.
