The delivered item must be complete, original, marked with the OE number and must be free of mechanical damage and signs of tampering.

##### **WITHOUT A DEPOSIT**

Purchase with passing the old part, we ship the goods after you deliver your old catalytic converter. The delivered part must be complete, original, marked with the OE number and must not have mechanical damage and traces of tampering.

**We offer a catalytic converter regeneration service, which involves replacing the insert with a new one. The insert used meets EURO 6 emission standards and effectively eliminates the low catalytic converter efficiency error. The metal core insert is much more durable than the original ceramic ones, and the density of 600 cpsi accurately reflects the factory throughput, ensuring optimal engine power.**

**Depending on the condition of the rear catalytic converter (GPF), it may be possible to replace it – the decision on whether this service is necessary is made after cutting open and assessing the original catalytic converter supplied.**
